The establishment of a Joint Committee to make decisions on behalf of East and North Herts and Herts Valleys CCG

1. Why are we proposing the formation of a joint committee?

There is provision in legislation for the formation of a joint committee across two or more CCGs to undertake commissioning functions on behalf of those CCGs. Given that East and North Herts and Herts Valleys CCGs have jointly undertaken the “Healthier Future Let’s Talk” consultation, it is logical that the two CCGs hear the outcomes of that consultation and jointly make decisions on the proposals in order to drive a consistent approach across Hertfordshire.

2. What is the legislative background?

In 2014 the government passed a legislative reform order (LRO) that enabled CCGs to establish joint committees to undertake their commissioning functions. This permission is not extended to the functions of the governing body, audit committee or remuneration committee in CCGs.

Joint committees of CCGs are therefore permitted under the terms of the LRO but only for the purposes of CCGs exercising their commissioning functions. In a joint committee, each CCG would nominate its representative member(s) and the committee would have delegated authority to make binding decisions on behalf of each of the CCGs. It requires CCGs to reflect this in their constitutions and the constitutions of both CCGs have previously been amended to allow this delegated authority to take place.

3. Membership and remit of the joint committee

The joint committee will comprise 6 members of each Board / Governing Body and will be held in public.

The role of the Joint committee is the approval of service change proposals following the “Healthier Future Let’s Talk” consultation programme which took place between 6 July and 14 September 2017.

4. Recommendation

The Board of Herts Valleys CCG and Governing Body of East and North Herts CCG are asked to:

- Approve delegated authority to East and North Herts and Herts Valleys Clinical Commissioning Groups Joint Committee to approval proposals for service changes following completion of the “Healthier Future Let’s Talk” consultation programme.
